

ULcut

ULcut for maximum safety

Product information

ULcut

- first sawable UL489 rail
- UL yard goods
- broad standard assortment of step spacings, cross-sections, et cetera
- to be extended, if and when required
- suitable feed terminals available
- protected technique
- protection class IP 20
- ideal application in case of high degree of pollution
- completely closed
- end cap A68, pushed on (optional available)

Technical data

maximum operating voltage	1000V AC/DC
short-circuit proofness	10kA

current carrying capacity at 35 deg. Celsius ambient temperature depending on feeding point		
cross-section	18mm ²	25mm ²
feed at the rail beginning and/or end		
maximum rail current	80A	100A
connection cross-section	min. 16mm ² /AWG 6	min. 25mm ² /AWG 4
centre feed		
maximum rail current	160A	200A
connection cross-section	min. 50mm ² /AWG 1	min. 2x50mm ² /2xAWG 1
